SAVE THE DATES

There are 3 special events happening at The Arc within the next six weeks.

All will require on line registration. More details will be in the October newsletter. The only registration which is now open is a bus trip.

The Arc has not had a bus trip since 2019 due to COVID. This October, Saturday, October 21, The Arc will be taking a bus trip to Akron, Ohio, to the Akron Zoo. The bus and the zoo will be paid for by The Arc. It is one of the bonuses of being an Arc member. Only Arc members in good standing can register.

Following the zoo, The Arc will head 10 minutes up the road to Cuyahoga Valley National Park.

Did you know that there is not a national park within easy driving distance other than Cuyahoga Valley? That is right. Not in Pennsylvania, or New Jersey, Delaware, Maryland, New York, West Virginia, or other neighboring states. Only Ohio. If you have

not visited one of the only 63 National Park's you are in for a treat. This national treasure boasts waterfalls, stunning bridges over the river, and what should be gorgeous foliage in October. This unique experience will conclude with a meal at a restaurant not found in Pennsylvania.

The Arc requests that each Arc member be accompanied by a staff offering support (multiple people can be supported) or one parent. Bus cost & zoo admittance cost will be provided by The Arc. There will be a \$25 per person security deposit. Once you board the bus, you will receive your \$25 back. If you do not arrive by boarding time the deposit will be forfeited. More details will be available on line. If there are more registered than bus seats, a lottery will take effect. Visit www.thearcblair

Changes Have Arrived. All Reservations on-line only

The Arc of Blair County is changing how people are to register for classes. Beginning with the September classes, The Arc will no longer accept phone calls reserving a spot in a class. This is ONLY for classes which state 'reservations required' on the calendar. This is NOT for the regular classes or 'drop in' programs such as ukulele, drumming, or line dancing.

A new system, with simple steps, is being used through The Arc website self-registration.

The Arc hopes that by registering through the website that it will eliminate situations where people state they telephoned a reservation or informed a staff member yet no record exists of the reservation. Many situations occur where people arrive that were not accounted for when materials need to be purchased.

The new system will also alleviate the need to call three and four times to be certain a person is registered for a class. The new format will send an email confirming registration. If an email is not received, it indicates that an error occurred during input. Please go back in and try again until a confirmation email is received.

The new registration system will indicate how many spots remain in the class. For example, if a class size is limited to 10 people, it will indicate 2 of 10 spots remain. Once the class is full, it will not allow registrations to occur. This is your signal that the class is no longer available to attend.

Complete instructions on how to register for a class is displayed on the next page.

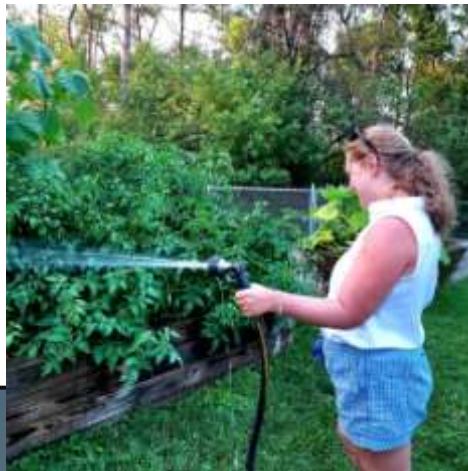

IDEAS NEEDED

The Arc wants to be sure it is offering a wide range of activities for EVERYONE. If there is something you enjoy doing, please contact The Arc at 814.946.1011 and share your idea. The Arc would like to offer new and interesting choices for classes and activities.

A suggestion received was to have a 'quiet' program. Something for individuals who may have sensitivity to noise or crowds.

If you want to get together to color, lay on the grass in backyard and listen to the birds and water fountain, pick flowers, do a floor puzzle as a group, or other peaceful classes, please let The Arc know and it will be added to the schedule for a month.

The Garden Club has done such an outstanding job this spring and summer. They have planted seeds during the cold months, watched them grow, transferred them into pots and the ground, and now a lush, rich garden exists at The Arc and at several club member's homes. Way to go! This class was made possible through the support of the Central Pennsylvania Community Foundation. We are so proud of how much you have 'grown' (get it?). Your strawberry picking then turning into jam, your homemade zucchini bread, your volunteering at the Veterans Memorial downtown, taking turns watering and pulling weeds, and so much more is cause for applause! If you see a garden club member, please thank him or her: Brooke Baird, Katie Burke, Aaron Bucher, Garran Burget, Sarah Hiersche, Hunter Malone, Christina Polito, Renee Replogle, Rochelle Replogle, Tyler Starr, and Camey Wilt.

Achieve with us.

The drumming class will be performing at a festival on September 23. Come out to Garvey Manor and support the group!

One thing all of the classes do is celebrate birthdays. Denielle Minori, one of the drum instructors, pictured right, was blessed with another year to celebrate life.

All are welcome the 1st and 3rd Tuesday of the month. No music background necessary. Just have fun!

Out and About

By Arc Members ...

... About Arc members

Reclamere, a digital security company based in Tyrone, shared nice things about one of their employees: Carson Frank - a member of The Arc.

Meet Carson, a true inspiration and valued member of the Reclamere team. His dedication, talent, and unique perspective have enriched our workplace beyond measure. We're proud to have Carson as part of our family, and we stand with him in promoting inclusivity and understanding. This month, we celebrate the achievements and contributions of individuals with disabilities, and we couldn't be prouder to have Carson shine brightly in our organization. Let's continue fostering a diverse and inclusive workplace where everyone's strengths are celebrated.

Way to go Carson! So proud of you. And...congratulations on being cast as Daddy Warbucks in the upcoming Mishler Theatre play, Annie!

The picnic and camp out was a memorable night! It started out beautifully with dinner and some dancing outside. Then the rain came. And by rain, we mean monsoon! But it all worked out. The movie got moved indoors and the tents remained dry. The night cleared and folks got to sleep out in the tents. It was very different seeing The Arc staged as a campsite. But a peaceful and beautiful time.

Jess Ponder takes the meaning of 'bed head' to a whole new level after spending a night in a tent!

Line dancing is so popular that The Arc is concerned the hall will soon be too small to accommodate everyone! Thanks to Joyce Veckov and her assistants Katherine Ziegler, Patty Flannigan and Esther Rickabaugh. We request that proper shoes be worn - tennis or court shoes or other closed toe soled shoes. Please no flip flops or sandals while dancing.
